Style expert **Gretta Monahan** shares her best dress-for-less tips

- **Make your own camis!** Recycle lingerie slips you already own by cutting off the bottoms. Wear a lace one over a silky one with jeans or cutoffs for an of-the-moment look.
- **Multitask your jewelry!** Wear long necklaces as bracelets, wrapping around your wrist several times. Or hook two or three chains together to create a belt!
- **Dress down a fave piece!** Get more wear out of cocktail dresses by throwing a denim vest or jacket over yours, then pairing with flats for a fresh daytime look.
- **Work a belt!** Cinch a looser, longer work shirt with a strong belt for a hip, sexy look. For an '80s vibe, double up skinny belts. To add edge to a pretty sundress, throw on a studded or distressed belt for a masculine-feminine feel.
