## Halloween fun at Dazzle Dog Delight

I will be the first person to tell you that our dog and cats are spoiled. I love to get them things that will make happy and keep them healthy from comfy beds to all natural treats. They also have a lot of toys. Oh boy! Do they ever! Our dog and our cats each have their own "toy box". Our dog has a huge basket filled with toys of all shapes and sizes. Our cats have a smaller wicker basket filled with their mice, balls and catnip infused toys. Mostly our kitten Bella plays with the cat toys.

I love to get our pets special treats year round. I especially like to get them something for Christmas. I know a lot of people do. But have you considered giving your pet a treat for Halloween?

Dazzle Dog Delight has some really fun ideas for your dog. Our dog Espn (pronounced Es-pin) has a nice rope toy from Dazzle Dog Delight. It's done in orange and black which makes it festive enough for Halloween, and it can be enjoyed year round. He LOVES this toy. He loves to play tug of war with us using this toy.

Espn has a tendency to tear toys apart. The littlest stray string and Espn will rip the whole toy apart. So far the rope toy has stood up well against him. It's just as nice as it was the first day we received it, except now it's cover in dog drool.

Even our cats like this toy. They have fun playing with the frayed ends.

The toy is a lot longer in person than it appears in the picture. It's also made with a very soft material. It almost reminds me of a well loved, well worn, tee shirt.

What I like about this toy is that it can be washed. We've already washed it once and it held up well. Toys often tend to get gross and dirty looking after repeated use and dog drool. Often we have to throw toys out because they cannot be washed and they are too dirty and insanitary to keep. With the rope toy from Dazzle Dog Delight we can wash it whenever it gets dirty. That means Espn will be able to enjoy this toy for months, or even years, from now.

My kids like to toss toys for Espn to catch too. With the soft rope toy I don't have to worry about things getting broken. I've learned the hard way that dog toys can shatter the globe on the ceiling fan if hit hard enough. Sigh...

Another fun thing that Espn has from Dazzle Dog Delight is an adorable Halloween collar. It's thin and made with a fuzzy orange colored material. The collar features two rhinestones and a super cute Halloween ghost in the center. The ghost says "Boo" across it's chest.

I tried to get a picture of it with Espn wearing it but he thinks I'm trying to play with him and he won't stand still long enough for me to get a decent shot of it. So I had to take it off of him to get a picture. I wanted my readers to see the adorable Halloween ghost.

My husband thinks the collar is "girly" because of the rhinestones. I don't think so. I think it's cute and the rhinestones just add a touch of glimmer to it.

The collar is available in orange or black. There is also a similar collar available at Dazzle Dog Delight that features a candy corn.

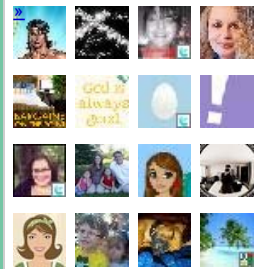

Espn has received many compliments from our neighbors on his festive collar. Before we got him groomed you couldn't see the collar at all. Now that we've had him shaved it's much easier to see it. His tags clip on to the side opposite of the ghost which keeps the collar from rolling around his neck. That means the
